

CONSTRUCTED EXAMPLE. NOT A REAL MANUFACTURER NOTICE.

Written for the Continuity demonstration. Advanced Monolithic Systems has issued no notice of this kind. The reference number, the dates and the response instructions below were invented. The part numbers are real, so that the document exercises real sourcing against real distributor data.

ADVANCED MONOLITHIC SYSTEMS

PRODUCT CHANGE NOTIFICATION

PCN reference: AMS-PCN-2026-118

Date of issue: 2026-09-01

Notification type: product discontinuance (end of life), preliminary

1. Affected product

Affected part: AMS1117-3.3 (SOT-223)

Description: 1 A low dropout linear regulator, fixed 3.3 V output

2. Key dates

Last time buy: to be advised.

A follow-up notification will set the last time buy and last time ship dates once the fabrication schedule is fixed. No orders are refused before then.

3. Reason for the change

Closure of the wafer fabrication line that supplies this device.

4. Recommended replacement

Recommended replacement: none.

Advanced Monolithic Systems does not identify a drop-in replacement for this device and makes no recommendation. Customers should select and qualify a replacement for their own application.

5. Response

Direct questions to your usual sales contact.

CONSTRUCTED EXAMPLE. Written for the Continuity demonstration, issued by nobody.
